

World Medical Relief Ambulance Acquisition Program

Are you in need of ambulances?

At World Medical Relief, providing you with an ambulance that meets your specific and financial needs is our specialty. We have a supply of new, used, and/or refurbished Type I, II, & III vehicles available.

Why these are a great investment?

Whether you are just looking for a basic ambulance package, or are looking for something more specific, World Medical Relief can get you the new or used ambulance you are searching for. Our ambulance acquisition group has a large inventory where each used vehicle goes through a detailed refurbishing process, involving mechanical and cosmetic repairs, as well as electrical upgrades.

BASIC PROMISE

PROGRAM BENEFITS

- ⇒ Provide working vehicles
- ⇒ Work with clients to meet their budget needs
- ⇒ Work with WMR to ensure basic ambulance equipment
- ⇒ Ambulances come packed with WMR medical supplies
